## **AN ICE PRODUCT NEWS RELEASE**

### **Replacement Cemented Carbide Tips for Drills**

International Carbide & Engineering, Inc. (*ICE*™) announces the availability of Replacement Cemented Tungsten Carbide Tips for Percussion (Hammer) Drills and Masonry Drills.

The Percussion Drill Tips are available in 21 different sizes ranging from 1/8 inch (3.2 mm) to 1 1/2 inch (38.1 mm) nominal diameter. The Masonry Drill Tips are available in 19 different sizes over the same range. Most sizes are in stock and additional sizes are manufactured as the market requirements are identified.

These replacement carbide tips are manufactured from a special “Mining/Rock Cutting” grade of cemented tungsten carbide to withstand the severe abuse imposed by the application.

Saw shops can now effectively repair these special cutting tools for their customers, resulting in additional profit and customer satisfaction.

For additional information please contact *ICE* (International Carbide & Engineering, Inc.) 5000 Main Street, P.O. Box 216, Drakes Branch, VA 23937-0216, or call corporate sales at 434-568-3311, 800-424-3311, Fax 434-568-3421 or E-mail [ice-va@ice-va.com](mailto:ice-va@ice-va.com), go to our [Carbide Tips Section](#).
